Gaithersburg, Maryland 20899-0001

DATE: 06 April 2021

**Product Identifier**

**RM Number:** 8261  
**RM Name:** Adult Nutritional Formula (high-protein)

Under the U.S. Department of Labor, Occupational Safety and Health Administration (OSHA) 29 CFR 1910.1200, this Reference Material (RM) is NOT classified as a physical hazard or a health hazard, a simple asphyxiant, combustible dust, pyrophoric gas, or hazard not otherwise classified. There are no hazard pictograms, hazard statements or signal word associated with it. Safety Data Sheet information is not required. This document may be used in conjunction with your hazard communication program.

**Description:** This RM is intended for harmonizing measurements of nutrients in infant formulas, adult nutritionals, or similar materials. A unit of RM 8261 consists of one can of powdered adult formula. Each can contains approximately 400 g of material.

**Additional Notes:** RM 8261 is intended for laboratory use only, not for human consumption. See Reference Material Information Sheet for storage and use instructions.

**Disposal:** RM 8261 components should be disposed of in accordance with local, state, and federal regulations.

**Transport Information:** This material is not regulated by the U.S. Department of Transportation (DOT) and/or International Air Transport Association (IATA).

**Disclaimer:** The NIST information in this document is specific to the NIST product and is believed to be correct, based upon our current knowledge. This document may not necessarily be all inclusive and should be used only as a guide. NIST does not guarantee the accuracy or completeness of this information. The only official source for specific values and uncertainties is the certificate or information sheet.

Users of this RM should ensure that this document and the corresponding Reference Material Information Sheet in their possession are current. This can be accomplished by contacting the SRM Program: telephone (301) 975-2200; e-mail [srmmsds@nist.gov](mailto:srmmsds@nist.gov); or via the Internet at <https://www.nist.gov/srm>.
